SESSION 1: PATIENTS AND MEDICAL PROFESSIONALS

8:15 am – 12:00 pm

Want to learn more about progressive supranuclear palsy (PSP)? Join CurePSP and Sheltering Arms for an interactive session designed to inform patients, care partners, families and medical professionals about this neurodegenerative disease. This is a question and answer session, attendees should come prepared with questions.

Discussion topics include:

- Disease diagnosis
- Medical management
- Research
- Therapy involvement
- Coping strategies
- Care partner safety

LUNCH PROVIDED

12:00 pm – 1:00 pm

SESSION 2A: MEDICAL PROFESSIONALS

1:00 pm – 5:00 pm

Medical professionals will receive an overview of PSP and learn more about the multidisciplinary team approach to treating the disease. Therapy (physical, occupational and speech) professionals will lead the discussions. Physical and occupational therapists (attending both Sessions 1 and 2) receive 6 CEUs. There is no CEU cost. Speech language pathologists receive a verification of attendance. Certification maintenance hours are available.

Presentations include:

- Disease Overview
- Physical Therapy Evaluation and Treatment Tools
- Occupational Therapy Evaluation and Treatment Tools
- Speech Therapy Evaluation and Treatment Tools

SESSION 2B: PATIENTS AND CARE PARTNERS

1:00 pm – 5:00 pm

Smaller breakout sessions for both patients and caregivers will be led by members of the multidisciplinary team. These sessions will focus on patient-specific questions, management, and support. There is no additional cost for these discussions.

Presentations and topics covered include, but are not limited to:

- Finding a Support Group for You
- Separate Caregiver and Patient Q&A
- Home Exercise Programs and Maintaining Visual Function
- Maintaining Volume and Swallowing Function
- Recreational Therapy's Role in PSP
