

CurePSP[®]

CENTER OF CARE

The CurePSP Centers of Care network was formed in 2018 with a mission to help PSP, CBD and MSA patients find the best possible local/regional care, increase awareness of PSP, CBD and MSA and other spectrum disorders, provide educational material to patients, caregivers, and healthcare professionals and to provide local/regional resources for physicians seeking information about PSP, CBD and MSA. The CurePSP Centers of Care network aims to build a network of centers across the United States and Canada where PSP, CBD and MSA patients and caregivers can find medical help and promote collaboration between centers and to optimize standards of patient care and to establish hubs for (pre-)clinical research.

Arkansas

UNIVERSITY OF ARKANSAS
FOR MEDICAL SCIENCES

Little Rock

Center Name: University of Arkansas for Medical Sciences – Jackson T. Stephens Spine and Neurosciences Institute
